You are about to become an author. The Winnie-the-Pooh series of stories was written by Alexander Alan Milne about his son's favorite stuffed animals. You are now going to write a story based on your favorite stuffed animals.

A story is like a puzzle. You get a bunch of little pieces. You put them all together and you end up with a big, beautiful picture. The pieces of our story puzzle are:

1. **characters:** Who is in the story?
2. **plot:** What is the story about?
3. **problem:** What happens in the story?
4. **solution:** How does the problem get solved?
5. **setting:** Where does the story take place?

Answer the following questions:

Who is the main character?
How are your characters like humans?

This space can be used to doodle your thoughts...nothing formal...just doodle away...

Setting: What does the setting look like? Close your eyes and pretend you are taking a walk through your setting. What do you see? Draw it below.
